PRESIDENT'S CORNER

Hello Everyone,

It is hard to believe that summer is almost over. We have had the hottest July on record with density altitudes that really took a toll on the rate of climb of my plane! I am looking forward to the cooler temps of the fall.

As you may know, there will be an air show at KPYM on Labor Day weekend. I have attended a meeting of the organizers and plans are going well. This will be a good size event and we need to be in attendance to promote our group. As usual, we need some members to represent our chapter at the event. Anyone?????

We will once again enjoy another buffet by Kim Coon at the meeting so come hungry. The meeting will be called to order at 7:00 pm so arrive a little early if you want to get some chow!

See you at the Meeting
Fly Safe
Mike

CHIP'S TECH TALK

Hello Everyone,

I'm going to ask all of you this month for your input on fuel containing alcohol. I have done some very unscientific testing of my own. We have always been warned by the pros against the use of any fuel containing alcohol. There are lots of valid reasons not to use alcohol laced fuels. What choice do we now have? The snowmobile folks have not reported any significant issues for their application. Our usage in two cycle engines is the same but different. Different in the way we hold a continuous throttle setting for long periods of time versus constantly varying between idle and full throttle. Let's hear your thoughts and ideas at the next meeting.

Fly Safe, Chip

CHAPTER MEETING
6:30
Monday Aug. 16, 2010
Plymouth Airport

Secretary's Report for August

President Mike Butts opened the meeting at 7:20 pm with 21 members and guests.

The Secretary's Report was accepted as published in the May newsletter (no report for the June cookout/meeting). Bill Shippee read the treasurer's report which was accepted. A motion to reimburse Steve Donahue \$80. for two EAA National memberships was passed. It was for two volunteer Young Eagle Pilots that weren't EAA members. They flew 16 young eagles. Steve also bought them UL62 chapter memberships.

The Plymouth Airport Fun Day will be Labor Day 9/5 with a rain date of 9/6. We would like to hold the fly-in the saturday before but if there is a Presidential TFR, it may be 9/12. Last year it was 9/13. We had a brief discussion about the food and decided not to go with a catered meal this year.

John S. reported taxi tests of the RV-6.

Mike Forand is heading to Pennsylvania for final gyrocopter training.

Fred Boothman has a Challenger based at Fisher Field and will be instructing in LSA and offering ultralight training. \$100/lesson with an open-ended amount of time.

The meeting was adjourned at 8:15

Respectfully submitted,
Alan Augh, Secretary
