PRESIDENT'S CORNER

Greetings to All,

This month's meeting will feature a presentation on the construction of a Graham Lee designed, Newport given by Mr. Frank Nowak of EAA Chapter 1363. Get there early because we will have the presentation first and then conduct the Chapter meeting afterward. The presentation will start at 7:00 Sharp! I apologize to all who showed up for last month's meeting that "wasn't". We won't let that happen again. The Aero Club of New England is hosting a great safety seminar next month; see the newsletter calendar for details.

Fly Safe, Mike

CHIP'S TECH TALK

The new year is here and I would like to find out what tech subjects members are interested in. I prefer to talk about things that somehow relate to the mechanics and operation of ultralight and other light aircraft. There are many important aspects such as electrical, metalwork, fabric work and finishing, instruments, parachutes, engines, etc. So please let me know what you would like to see in the "Tech Talk" column and I will do my best to make that happen in 2008.

**Feel free to e-mail me at FLYKOALA@VERIZON.NET
Thank you.**

Chip

**CHAPTER MEETING
February 18, 2008 @ 6:30**

QUOTES

"Try to keep the number of your landings equal to the number of your takeoffs."
Unknown

EVENT

CRASH COURSE 2008

presented by the Aero Club of New England www.ACONE.org

Newton, MA

Tuesday, March 18, 2008

6:00 pm - 9:00 pm

Newton Marriott Hotel

2345 Commonwealth Avenue

Newton, MA 02466

Hotel Phone: 617-969-1000

An Interactive Aviation Safety Seminar from the AOPA Air Safety Foundation Presented by ASF Executive Director, Bruce Landsberg. Lead speaker Bruce Landsberg, will review the safety record and discuss some thoughts about training regarding technologically advanced aircraft.
