PRESIDENT'S CORNER

Hello Everyone!

Be sure and come to the meeting this month. We will hold our annual cook out at Fishers field. Lets hope the weather is good so we can do some flying before dinner. Plans for our fly-in in August are in full swing. We still need some more volunteers to make the event a success. Our event chairman will be recruiting at the cook out so come on down and step up to the plate!

See you all at the field.

Fly Safe,
Mike

CHIP'S TECH TALK

Dear Members,

It looks like there is light at the end of the tunnel at last. Everyone should have received their copy of "EAA SPORT PILOT" by now. IF you have not read the article, there is an answer to our fuel availability problems. There is a new fuel coming to market, it will be called "91UL". Without me getting into great detail, you should read the article.

Fly Safe,
Chip

CHAPTER MEETING

June 15 @ 7:30

Plymouth Airport

Plymouth Airport Community
Room

May's Secretary Report

EAAUL62 05/18/09

President, Mike Butts called the meeting to order at 7:30 pm 13 Members were present and 2 guests, Dan Patrick and Phil Himmelfarb (Marty's brother).

The Secretary's report, well written by Mike Brennan was approved as printed in the newsletter.

Bill Shippee presented the treasurer's report - approved.

Old Business: There is a cookout planned for the June 19th meeting at Fishers Field. Bill Shippee will contact the Fishers for permission. Chip will buy burgers from Cirelli and members can supply the side dishes. Starting at 6 pm. Mike Brennan reported on the New Bedford aviation fun day. Our chapter should set up a table next year. Sherm will be 88 on 5/21 so we planned a party Friday 5/22 at 6 pm and brought wine and scratch tickets and had a cookout. Shaun McKenna's wife made a beautiful chocolate cake with airplane decorations and a runway in black and green frosting.

New Business: Marty Himmelfarb will organize the August Fly-in. Saturday 8/22 at Fisher Field. We will add a table with EAA UL62 info and sign up new members and collect dues. We will make up a "playbill" brochure to serve as a program book with paid ads, chapter application

and chapter info (handbook excerpts). We need more help prepping and cleaning up. We may make the 8/17 meeting a hangar clean-up. We also need help obtaining raffle prizes. Donna Butts set up the bidding system (tickets in cans in front of each item). A box of good items was donated tonight by Randy Moore. Marty will be away 8/7 - 8/12. The caterer last year was good and we may contact him for availability but the economy is worse this year. Pizza and salad may be more affordable. Can be ordered the day of the fly-in after checking the weather. And we can order trays of food from Mama Mia's. An example would be one plate of food for \$10 and \$5 for kids. There may be leftovers. Tom Boyle will handle the web announcements (he is the webmaster). Tom recently retired but has financial difficulties. He was voted an honorary member of EAA UL62 at the May Meeting. Rain date for the fly-in will be Sunday 8/23.

The meeting adjourned at 9:15 pm and we viewed a historic video of an early Wright Brothers plane doing demo flights in Europe including some footage from the plane. Flights were low and showed the elevator (in front) moving up and down gently but constantly. Trim and weight and balance were still in the trial and error phase.

To have any events put in the newsletter just send Donna Butts an e-mail.

Respectfully submitted,

Alan Pugh, Secretary
