## PRESIDENT'S CORNER

**Hello Everyone!**

It is hard to believe but the flying season is nearing the end for those of us who do not have heaters installed in our aircraft. The cool air does enhance aircraft performance but the falling temps shorten our flight times. It wont be long before we have to winterize our engines and put our planes away for the winter. Dont forget to place some mouse poison in and around your aircraft. Those little critters can do some damage if the get inside wing spars and tail booms.

This month we will watch some more videos from our collection. If any member has any flying videos, bring them in and we maybe we can get to watch them.

**See you at the meeting.**

# October Secretary's Report

EAAUL62 09/21/09

President, Mike Butts called the meeting to order at 7:40 pm.  
10 Members were present.

There was no secretary's report since the August meeting was a hangar cleanup with no business meeting, in preparation for the fly-in.

Bill Shippee presented the treasurer's report for July and August - approved.

Old Business: Marty Himmelfarb, fly-in coordinator reported that the fly-in was a big success. We made a small profit on the food and a good profit on the raffle. The day started out with a low ceiling and the first two visitors were from CT who flew above the clouds until descending through a hole for the last 10 miles. As the low clouds dissipated the turnout improved dramatically and it became a full-fledged fly-in.

New Business: There was a report that Dan Patrick had crashed his Kolb in RI.

Sherm has fractured his pelvis in a bicycle accident and can be visited at Radius Health Care Center, South St, Plymouth (exit 5). He likes red wine and lottery tickets. The nurses may not know who Sherm is so use his legal name, Eldon W. Sherman (but don't continue this practice).

The meeting was adjourned at 9:50  
To have any events put in the newsletter just send Donna Butts an e-mail.

Respectfully submitted,  
Alan Pugh, Secretary
